

VERTICALS (STANDARDS)

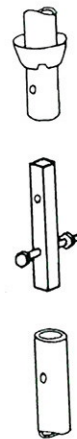

Made from 48.3mm tubes with connection points set at 500mm vertical intervals.

Common lengths are 3.0m, 2.5m, 2.0m, 1.8m, 1.5m and 1.0m. Both spigotless and spigoted are available.

SPIGOT CONNECTORS

Verticals can be connected end to end by a spigot made of drawn square tube with rounded corners. It is bolted to the lower vertical.

HORIZONTALS (LEDGERS)

Available in standard lengths of 3.0m, 2.5m, 1.8m, 1.6m, 1.3m, 1.0m, 0.9m and 0.6m.
